SUMMARY

Computer Science undergraduate specializing in Python, SQL, and Natural Language Processing (NLP). Passionate about building practical, scalable applications with strong foundations in data structures, databases, and software engineering principles. Seeking opportunities to apply my skills in real-world projects and teams.

SKILLS

Programming Languages Python, C++, SQL

Libraries/Frameworks Pandas, NumPy, NLTK, spaCy

Databases MySQL, PostgreSQL, SQLite3

CS Concepts Data Structures and Algorithms, OOP, DBMS, NLP

Tools Git, VS Code, Jupyter Notebook

Soft Skills Strategic Thinking (Chess.com 1900 rating – Top 0.6% worldwide), Team Player

PROJECTS

Quora Duplicate Question Detection | [Link](#)

2025

Build an NLP pipeline to detect duplicate question pairs from the Quora dataset (400k+ pairs). Performed exploratory data analysis, engineered features using TF-IDF vectorization, and compared Random Forest vs XGBoost as baseline classifiers. Identified key limitations of static word representations, motivating the use of contextual embeddings.

Banking System App | [Link](#)

2025

Developed a comprehensive banking system using Python with a robust database. Implemented features such as account creation, deposits/withdrawals, and transaction logging using MySQL for persistent data storage.

College Query Chatbot | [Link](#)

2025

Built an NLP-powered chatbot using Python (NLTK, spaCy) to handle FAQs about admissions, courses, and schedules. Integrated rule-based logic to process and respond to user queries.

EDUCATION

2022 – 2026 B.Tech in Computer Science and Engineering, Galgotias University, Greater Noida

2020 – 2021 Class XII, G.S.B.V Krishna Nagar, Delhi (CBSE)

2018 – 2019 Class X, Salwan Boys School, Delhi (CBSE)

CERTIFICATIONS

- The Ultimate MySQL Bootcamp – Udemy (2024)
- NPTEL: Software Engineering (2024)
- Google AI/ML Crash Course – Google (2025)
- NLP with Python – Jose Portilla, Udemy (2025)
- Data Structures & Algorithms – Abdul Bari (2024)

ACHIEVEMENTS

- Solved 100+ coding problems on LeetCode
- Participated in team coding events and hackathons
- Active contributor in college-level coding discussions and forums
